

ENVIRONMENTAL POLICY

POL 26/--/REV.01/12.02.2026

1 / 1

Purpose

The purpose of this policy is to ensure the protection of the environment in all operations of Arslan Alüminyum A.Ş., to support the efficient use of natural resources, and to institutionalise a culture of continuous improvement in line with the principles of sustainable development.

Scope

This policy covers all operations of Arslan Alüminyum A.Ş., including production, administrative and support processes, as well as its employees, contractors and all activities with an environmental impact.

Responsibilities

The top management of Arslan Alüminyum A.Ş. is responsible for the implementation and maintenance of this policy.

All employees are obliged to comply with the requirements of the environmental management system and to act in a manner that supports environmental awareness.

Principles and Commitments

As Arslan Alüminyum A.Ş.:

- We identify the environmental aspects of all processes and carry out the necessary activities to manage them in the most efficient manner.
- We adopt the ISO 14001 Environmental Management System as the fundamental guide for our environmental performance.
- We fully comply with all relevant legal and other requirements, aiming to go beyond them wherever possible to be a pioneer and leader in the sector.
- We are prepared for emergencies and implement measures to minimise potential environmental impacts.
- We recognise the importance of recycling in our sector and share this awareness with all our employees.
- In waste management, we adhere to the 'reduce, reuse, recycle' principle.

Implementation

The policy is implemented through a process-oriented approach led by Arslan Aluminium's Environmental Unit.

Effectiveness is regularly monitored and improved through training, internal audits and environmental performance indicators.

Monitoring and Review

The effectiveness of the policy is regularly assessed through environmental performance indicators, internal audits and management reviews.

It is revised where necessary to ensure continuous improvement.
